Our Program

National Public Lands Day is the nation's largest hands-on volunteer effort to improve America's public lands. NPLD began in 1994 with three federal agencies and 700 volunteers. On Sept. 26, 2009, 130,000 volunteers will lend a hand at an estimated 2,000 projects across the nation. Eight federal land management agencies along with many state and local agencies participate in this annual day of caring for shared lands.

National Public Lands Day is now on [twitter](#). [Follow us daily](#) as site managers and volunteers prepare for September 26th. We'll be posting updates on new resources available, new sites, interesting stories, and much more.

National Environmental
Education Foundation

Knowledge to live by

The National Environmental Education Foundation (NEEF) provides knowledge to trusted professionals who, with their credibility, amplify messages to national audiences to solve everyday environmental problems. Together, we generate lasting positive change.

NEEF partners with professionals in health, education, media, business and public land management to promote daily actions for helping people protect and enjoy the environment. Through our primary programs- Classroom Earth, National Public Lands Day, National Environmental Education Week, Business and Environment, Earth Gauge®, and Health and Environment- we offer Americans knowledge to live by. To learn more, call (202) 833-2933 or visit www.neefusa.org.
